Employment Paperwork

Employees must supply the District with the information required to complete an Employment Eligibility Verification Form I-9, verifying the employee is legally eligible to work in the United States, within three business days of the date employment begins. Employees must also complete a W-4 Form indicating tax-withholding information and all other employment paperwork required by the District.

Definitions

For the purposes of this Handbook, certain words shall have the meanings ascribed below:

Employment Year: A period of time designated on an annual basis, which is used solely for purposes of calculating an employee's compensation and benefits, the beginning of which may be July, August, or September, depending on an employee's job description. The use of such term shall in no way imply or otherwise be construed to establish a specific term of employment.

Personnel Action Form (PAF): A form initiated by the employee's supervisor, reviewed by appropriate District staff, and used as a source document for employment information such as rate of pay, days worked, hours worked, benefit status, etc.

Full-time Employee: An employee who is assigned to work at least twenty (20) hours per workweek for five or more consecutive months is considered full-time for retirement purposes.

Part-time Employee: An employee who is assigned to work fewer than twenty (20) hours per workweek for five or more consecutive months or an employee assigned to work less than five consecutive months.

School – Community Relations

A goal of school-community relations is to bring about a harmony of understanding between Idaho Falls School District 91 and the public it serves. All District personnel are encouraged to support school activities and the education program by exhibiting a positive attitude toward their work, co-workers, students, and patrons of the District.

Work Environment

District 91 strives to provide a safe and healthy place of employment. It expects employees to participate in all health and safety programs that are made available to them. Supervisors will require training in the rules, practices, and procedures that are necessary for the safe performance of various jobs. Employees will be expected to follow the guidelines established by the District and individual supervisors with the understanding that they are for the safety and health of all concerned. Any thoughts or suggestions that might provide for a better work environment in this regard are encouraged and appreciated.

Classification of Personnel

All employees filling positions not requiring professional certification through the Idaho State Department of Education are considered classified employees. Generally speaking, these positions are categorized into one of the following service groups: (These classifications are considered typical and not all-inclusive.)

- | | |
|-------------------|-------------------|
| Business Services | Maintenance |
| Child Nutrition | Paraprofessionals |
| Clerical | Transportation |
| Custodians | Warehouse |
| Grounds | |

Employee classification, wage, and full-time / part-time status will be determined at the time of assignment and will be set forth in a written Personnel Action Form. Changes in employment status will be made only by appropriate supervisors with a written Personnel Action Form.

Personnel Records and Forms

A permanent folder will be kept on all personnel. Pay information and periodic evaluations are kept in the employee's personnel record as well as personal information. Payroll should be made aware of any changes in address, telephone number, marital status, beneficiary or dependents. Name changes may be made ONLY consistent with the employee's Social Security card. The personnel record for each employee will be kept as a confidential matter as per Idaho Code

Section 33-518 and will not be open to the general public except as required by Idaho Code Section 9-340(36). Materials placed in the employee's file are normally available for the employee's review while in the presence of a person responsible for the files. However, such materials and files are the property of the District. The District reserves the right, in its sole discretion, to keep documents, records, notes, correspondence, or other materials relating to any employee in one or more other files, separate from the employee's general personnel file, and to allow or deny any employee access to those files or materials, in its sole discretion.

Compensation

Ninety-Day Review Period

Except for sick leave and death in family, no other leave may be taken during a new employee's ninety-day review period. A performance review will be conducted by the immediate supervisor and discussed with the employee at the expiration of the review period. It is the employee's responsibility to see that this performance review is conducted. If performance is acceptable at the end of the review period, a salary adjustment will be made in accordance with the salary schedule. Employees transferring to different jobs may also be subject to a two-percent reduction and a ninety-day review period. **Nothing in the ninety-day review period creates any enforceable right or privilege on the part of any classified employee. Employees may be terminated at any time, for any reason, with or without cause or prior notice.**

Working Hours

The number of hours worked per day or per week and the number of days worked per year is determined by the job description and/or the employee's Personnel Action Form. Employees should never exceed the number of hours per day nor the number of days per year allotted on the Personnel Action Form. The actual days an employee is scheduled to work are outlined on the Classified Personnel Work Schedule, which is available from the employee's supervisor and on the District's website. The Classified Personnel Work Schedule for paraprofessionals, child nutrition workers, and bus drivers includes Optional Workdays or check-in days, which they may work if there is meaningful work to do and if their supervisor approves. **It is the supervisor's option whether to have an employee work on an Optional Workday.** Salaried employees will be paid in addition to their regular monthly wages for the hours worked on the optional days or check-in days.

Time sheets or Electronic Records

A time sheet or an electronic record is submitted by most employees, which reflects actual time worked and/or approved absences. Some departments require a Report of Absence form to be completed and approved before a pre-arranged absence, in addition to appropriately filling out a time sheet. Time sheets and electronic records must be approved, verified, and signed by the supervisor before they will be processed by the Payroll Department. It is the employee's responsibility to submit completed information for the pay period. Payment for time sheets

received after the payroll cut-off date may be delayed. Payment may not be issued to an employee until a time sheet is received by Payroll for that time period.

District 91 Positive Time Reporting Policy

Federal Time Reporting:

Many programs administered by Idaho Falls District 91 are funded through federal sources and are obligated to meet federal guidelines in order to qualify. If federal funds are used for an employee's salary, the employee is required to record time spent working on a federal program on their timesheet as hours worked through means of "positive time reporting". "Positive time reporting" is recording the actual time spent working on a set of activities that are applicable and allowable under the terms and conditions of the funding source.

Any vacation, sick leave, compensatory time taken, holiday pay, or other non-worked pay will be distributed according to the default index or indexes assigned to the employee's position.

A quarterly review and reconciliation will be performed by the accounting department in order to ensure time is being charged appropriately.

Employee Responsibility:

Employees are responsible to correctly charge actual time worked to the appropriate funding source(s) associated with any federal programs. Employees will work with their supervisor and/or District 91 accounting staff to determine correct index or indexes to use on their timesheet.

Supervisor/Principal Responsibility:

Supervisors/Principals are required each pay period to verify hours were actually spent working directly on the specified Federal or other programs, and the correct index or indexes were used in coding the timesheet, when they sign the timesheet.

Federal Programs Director Responsibility:

The Federal Programs Director will discuss program needs with her supervisor. District-level directors will closely monitor activities, expenses and revenue of their program and report any deficiencies to their supervisor and the accounting department. It is the responsibility of the Director/or designee to inform accounting when a funding source has been exhausted and if a new index code needs to be established due to rollover into new fiscal year funds or the award of an entirely new federal grant.

Overtime

Overtime (working in excess of a forty-hour week) is prohibited without advance approval of an immediate supervisor. Advance approval must be obtained from the department head or supervisor before overtime will be granted. If an employee takes vacation, paid leave, or holiday pay for part of the week, overtime is calculated only on hours actually worked excluding leave or holidays. If overtime becomes necessary and is approved by the immediate supervisor, the employee will be given an hour and one-half of paid time off for every overtime hour worked. The compensatory time arrangement must be agreed upon between the parties before the work is done. If that becomes impossible within the allotted time, the employee will be paid the remaining overtime, again at one and one-half hours for every hour of remaining overtime.

Note: Some employees are exempt from overtime under the executive, administrative and professional exemption provisions of the Fair Labor Standards Act. Exempt employees shall be notified of their exempt status.

Compensatory Time

Employees who have their supervisor's permission to work more than their scheduled hours/day or days/year, according to their Classified Work Calendar, but fewer than 40 hours per week, may schedule compensatory time, hour for hour, with their supervisor. Compensatory time could be traded for an equal amount of time-off on a scheduled workday. Compensatory time **may not** be carried beyond the District's fiscal year.

Closure Days

On days when schools are officially closed due to inclement weather or mechanical failure, the offices in each school will remain open to ensure the safety of the students and to answer phone calls. Maintenance staff, custodians, warehouse personnel, central office personnel, and building secretaries will be expected to report for work if it is safe for them to do so. Other classified employees are not expected to report for work on closure days unless they are directed to do so by their supervisor. Employees not expected to work and those who are expected to work but unable to come to work on closure days will not be paid unless they choose to use available personal leave or vacation leave. Scheduled leave will be charged as requested during closure days.

Pay Advances

Pay advances for hours already worked are discouraged and will not be allowed unless extenuating circumstances exist. Requests for pay advances must be submitted in writing to the immediate supervisor and to the Director of Finance for approval. In no case will a pay advance occur more often than once per year.

Pay Period and Paydays

The time sheet due date is the last working day of the month. Payday is scheduled for the twentieth of the month or on the Friday before if the twentieth falls on a weekend. Checks are sent to each school location for distribution. Most June and July checks are sent to the employee's current address. **It is the employee's responsibility to ensure that his/her address is current at all times.** All ninety-day reviews, deduction changes and special arrangements for checks should be made by the date time sheets are due.

Employees may have their pay automatically deposited into a single account at the financial institution of their choice. They must complete a direct deposit authorization with the Payroll Department. Deposit information may be viewed on Skyward Employee Access under Check History.

Part-time employees are paid only for the hours worked during the pay period.

Because full-time employees receive 12 months of benefits (on a prorated basis), they are paid on a year round basis even when they do not work 12 months of the year. Payroll will calculate the annual wages for full-time employees at the beginning of their pay cycle and pay them 1/12th of their wages each month. Depending on the number of days worked per year, an employee's pay cycle may begin in July, August, or September. The following schedule sets forth an employee's pay cycle based upon the number of days worked per year.

<u>Scheduled Workdays</u>	<u>Pay Cycle</u>	<u>Benefit Cycle</u>
241 – 251 days	July – June	August - July
198 – 240 days	August – July	September - August
197 days or less	September – August	October - September

Wages will be prorated for employees who begin after the start of the employment year.

Special note for 244 or 255 day employees: Because these employees work year round, the wages received on the 20th day of the month pays these employees through the end of that month. This makes it possible for the employee to receive an overpayment of wages if he/she were to terminate after the payday but before the end of the month. **If an overpayment occurs, the employee is responsible to repay the money.**

Annual Performance Evaluation

Supervisors shall evaluate the individual performance of each employee under their direct supervision within each fiscal year. The results of the evaluation will be discussed with the employee and filed in the employee's personnel file. Employees have the right to attach a written response to their evaluations.

Resignation / Termination

Any employee who intends to resign should, as a courtesy, give two week's advance notice to his/her immediate supervisor. This notice must be received in writing. The supervisor will then complete a retire/resign Laserfiche form. An employee's insurance coverages will cease as explained in the Benefits booklet. All employees intending to terminate should consult with the Director of Human Resources regarding benefit status before terminating.

The use of paid leave following notice of resignation: Employees are expected to report to work on their final day of employment. Paid leave may be used for the final day of employment upon acceptable documentation from a healthcare provider or upon approval by the Director of Human Resources.

Voluntary Transfers

Transfers to another job within the District are permissible. An employee must apply for the new position and be considered with that job's pool of applicants. The employee will be paid the salary rate the job is assigned on the Classified Salary Schedule even if it results in a lower salary rate.

Involuntary Transfers

When transfer for cause or an involuntary transfer is necessary, the employee so affected will be apprised in writing or in a conference of the reasons the transfer is in order. However, the employee will be paid the salary rate the job is assigned on the Classified Salary Schedule even if it results in a lower salary rate.

Working in Addition to Scheduled Days

Employees with a regular job assignment who accept an assignment as a seasonal or temporary employee (either during the year or at the end of the year) will not be paid for holidays nor have the ability to use leave, including personal sick leave, for days they choose not to work.

Jury Duty

Employees called to jury duty, which necessitates an absence from their regularly scheduled duties, shall be granted leave with no loss of salary or benefits. Notice of the receipt of a summons for jury duty should be given to the employee's immediate supervisor as soon as possible.

Personal Conduct

Outside Employment

Employees shall not engage in any other employment or in any private business during the hours necessary to fulfill the employee's assigned duties. Employees should not engage in any employment that would:

- ✓ Affect their usefulness as an employee to the District
- ✓ Make time and/or energy demands upon the employee which would interfere with his/her effectiveness in performing his/her regular duties
- ✓ Compromise or embarrass the District
- ✓ Adversely affect his/her employment status or professional standing
- ✓ In any way conflict with assigned duties.

Drug and Alcohol Free Workplace

The abuse of alcohol and/or drugs is a serious threat to the District, its employees, and students. Management and employees are equally responsible for maintaining a safe and healthy working environment.

1. The unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the District 91 workplace.
2. The possession, consumption, or sale of alcohol on District premises or while on District business is prohibited. (District property includes all facilities, offices, buildings, equipment, automobiles, trucks, vehicles, and parking areas, whether owned, leased, used, or under the control of the District.)

3. Employees under the influence of alcohol and/or a controlled substance which impairs judgment, performance, or behavior while on District premises or on district business will be subject to discipline, including discharge. ("Under the Influence" means being unable to perform work in a safe and productive manner or being in a physical or mental condition that creates a risk to the safety and well-being of the individual, students, employees, the public or District property.)
4. Employees who report to work under the influence of alcohol and/or drugs will not be allowed to go to their respective workstations or drive themselves home. Either a family member or driving service will be contacted and arrangements will be made to have the employee driven home.
5. Consuming alcoholic beverages and/or abusing drugs while driving any vehicle for District business is prohibited.
6. Any employee found in violation of such prohibitions will be placed on probation and required to complete an established drug or alcohol abuse assistance and/or rehabilitation program or may, at the discretion of the Board of Trustees, be dismissed. (Employees who enter an alcohol or drug treatment program as a condition of continued employment will be required to sign a rehabilitation agreement. If an employee drops out of the program or fails to meet any terms of the rehabilitation agreement, he/she will be subject to immediate discipline up to and including termination.)
7. Employees who abuse alcohol and/or drugs off-the-job run the risk of jeopardizing the safety of themselves, their family, the public, and the district. Discipline, up to and including termination, may be imposed whenever such usage interferes with the District's ability to carry out its responsibilities, or increases its potential liability.
8. Reasonable accommodation will be offered to employees who admit to an alcohol problem.
9. The District may discipline, discharge, or deny employment to employees whose use of alcohol adversely affects job performance or conduct to the extent that the employees are not qualified to perform the essential functions of their jobs.

Drug and Alcohol Testing

The District reserves the right to require any employee suspected of alcohol and/or drug abuse to undergo testing. Employees who refuse to be tested will be subject to discipline, up to and including termination. In addition, any employee involved in an accident in a district vehicle must undergo an immediate test. Refusal to do so under those conditions may constitute grounds for discharge. Any employee suspected of alcohol and/or drug abuse who refuses to submit to urine and/or blood analysis will be removed from district property and be subject to disciplinary action up to and including termination.

Bus drivers and any other employees who are required to hold a commercial driver's license as a qualification of employment will be subject to mandatory testing in compliance with the regulations of the Department of Transportation (DOT) Controlled Substances and Alcohol Use and Testing as contained in 40 CFR Part 382.

Smoke Free Buildings and Vehicles

Board Commitment to Clean Environment

The Idaho Falls School District #91 Board of Trustees is dedicated to providing a healthy, comfortable, and productive environment for staff, students, and citizens. The Board believes that education has a central role in establishing patterns of behavior related to good health and shall take measures to achieve this goal.

Board Concern for Employee Health

The Board is concerned about the health of its employees and also recognizes the importance of adult role-modeling for students during formative years. In addition, recent pronouncements by the Surgeon General of the United States indicate that research has proved that second hand smoke, defined as smoke that is in the air breathed by a non-smoker, is as dangerous to the non-smoker as smoking is to the smoker.

Board Prohibition Against Employee and Student Use

Therefore, effective with the final approval of this policy, smoking and the use of tobacco products shall be prohibited in all school buildings and all district-owned vehicles. Possession and use of tobacco products by students on school property or in district-owned vehicles is also prohibited. This policy is binding upon all district employees and students enrolled in District 91 schools.

Prohibition of Use by Others in School Buildings

Citizens, who are observed smoking or using tobacco products while in school buildings, or traveling in district-owned vehicles, shall be asked to refrain from such use. If the individual fails to comply, his or her violation will be reported to the appropriate building principal or administrator. The principal or administrator shall make a decision on what further action to take with the individual and may include a directive to leave the school building. Repeated violations may result in a recommendation to the Superintendent that the individual be prohibited from entering district buildings or traveling in district-owned vehicles.

Definition

For the purposes of this policy, tobacco use shall be defined as the use of a cigarette, cigar, pipe, smokeless tobacco in any form and other smoking products specifically including electronic cigarettes, electronic nicotine delivery systems or vaporized smoking devices.

Sexual Harassment

Idaho Falls School District 91 is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, which are free from sex and gender-based harassment, discrimination, and retaliation. Accordingly, the district prohibits harassment and discrimination on the basis of sex, sexual orientation, gender, gender identity, and pregnancy, as well as retaliation against individuals who report allegations of sex and gender-based harassment and discrimination, file a formal complaint, or participate in a grievance process. (See Board Policy 118)

How to report or file a complaint:

- Students, employees, or other members of the district community who believe that they have witnessed an incident or that they have been subjected to sex or gender-based harassment, discrimination, or retaliation should report the incident to Heather Wade, Title IX Coordinator at 690 John Adams Parkway, Idaho Falls, ID 83401, 208-525-7555.

This Title IX grievance process applies to all members of Idaho Falls School District 91's community, including students, employees, and board members as well as district patrons, guests, visitors, volunteers, and invitees.

Reporting and supportive measures:

- Upon receipt of a complaint, report, or information alleging sexual harassment the Title IX Coordinator or Deputy Title IX Coordinator will contact the complainant to discuss the availability of supportive measures and explain the process for filing an informal or formal complaint.

Notice of allegations and investigation:

- Upon receipt of a written formal complaint the Title IX Coordinator, Deputy Title IX Coordinator or investigator will provide a written notice of allegations to all complainants and respondents. The investigator will then conduct an investigation into the formal complaint.

Resolution:

- The decision maker will review the investigation and issue a written determination of responsibility.

Appeal:

- Any party may file a request for appeal in writing with the Title IX Coordinator or Deputy Title IX Coordinator within three (3) days of the delivery of the notice of a final decision.

Appearance and Conduct

Here are some general guidelines for appropriate conduct. It is not intended to be an exhaustive list of do's and don'ts. **Sound judgment is and always will be needed.**

Additional information about appropriate behavior is available in Board Policy, the Code of Ethics for Idaho Professional Educators, and Idaho Statute. If you have any questions, please contact your building administrator.

The classified staff member should:

- Maintain confidentiality in all matters pertaining to school and/or the students.
- Conduct all communication respectfully, following proper channels in voicing concerns and solving problems.
- Maintain a professional relationship with all students, both inside and outside the classroom.
- Never be alone with a student in a room with the door closed.
- Never reference personal religious beliefs or doctrines with students.

- Avoid the use of inappropriate language, such as profanity, put downs, sexual innuendoes or jokes, gossip or inappropriate teasing.
- Use appropriate positive behavior supports. The use of physical force or corporal punishment is prohibited.

All employees are expected to maintain high standards of conduct and a clean, well-groomed appearance suited to their positions. Employees should dress on the conservative side of prevailing styles and avoid drawing attention to themselves through their clothing, grooming, or ornamentation/piercings, etc. **Employees serve as role models for students and staff and are expected to conduct themselves accordingly.**

Good manners require a sincere regard for the feelings and self-respect of others. Courtesy is more than surface politeness; genuine regard for others is recognized in the way you treat patrons and colleagues or answer the telephone. Tolerance for other people's shortcomings, as well as awareness of your own, should be the standard by which employees interact with each other and with students and patrons of the District. Positive and productive interaction with students and patrons should be a goal of every employee.

District employees are expected to be on task during the times when they should be performing the normal functions of their jobs. Behavior that could be called "horseplay" detracts from the quality of work and may pose a safety risk for anyone in the vicinity and will not be tolerated.

Promptness

It is the personal responsibility of each employee to report for work at the scheduled time and place. Chronic lateness will be investigated by the supervisor and appropriate disciplinary action, including dismissal, will be taken if the tardiness continues.

Telephones

The use of District telephones is limited to District business. However, the District recognizes that calls of a personal nature are occasionally necessary. The District relies on the employee to use good judgment in keeping personal calls to a minimum. Misuse of this privilege will result in disciplinary action. No personal long distance calls should be made in a way that the District is charged for them. The employee is expected to use appropriate telephone manners at all times.

Cell Phone Usage (Adopted March 23, 2004)

All cell phones shall be turned off during instructional times and during meetings. Allowances for special circumstances or emergencies should be made on a case by case basis by the responsible authority. (Board Policy 406.16)

Standards of Performance and Grievances

Employees are expected to conduct themselves responsibly and in accordance with established rules as set forth below. The District intends to take disciplinary action, up to and including termination, against employees who violate any of these rules, depending on the circumstances. Ordinarily, the severity of the discipline will depend upon the seriousness and frequency of the infraction, the particular circumstances involved, and the previous employment record of the employee in the District; but the District has the right in its sole discretion to determine what disciplinary action will be taken regardless of any of those factors.

All employees are expected to adhere to the following rules of conduct. Listed below are examples of conduct generally recognized as detrimental to the best interests of the District. Idaho Falls School District 91 Classified Grievance Procedures and Form

Good morale is maintained as problems arise by sincere efforts of all persons concerned to work toward constructive solutions in an atmosphere of courtesy and cooperation. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to problems, which may from time to time arise. Grievance proceedings should be kept informal and as confidential as may be appropriate at all levels of the procedure.

In the event of a dispute which has been raised by an employee with his or her supervisor and not satisfactorily resolved, or which cannot be raised with the employee's immediate supervisor, an employee may resolve the dispute through the District grievance procedures set forth below.

A classified employee may file a grievance about any matter related to his or her employment, ONLY IF IT DIRECTLY RELATES TO ANY OF THE GROUNDS FOR A GRIEVANCE PROVIDED BELOW (1-5). However, neither the rate of salary or wage of the employee nor the decision to terminate for cause during the initial one hundred eighty (180) days of employment shall be a proper subject for consideration under the grievance procedure provided in this section. For the purposes of this section, "current" means as of the date of the incident giving rise to the grievance.

A grievance shall be defined as a written allegation of:

1. A violation of current written board approved school district policy.
2. A violation of current written school procedures.
3. A violation of the current written board approved employee handbook.
4. A condition or conditions that jeopardize the health or safety of the employee or another employee.
5. Tasks assigned outside of the employees' essential job functions and for which the employee has no specialized training.

NOTHING HEREIN SHALL IN ANY WAY BE CONSTRUED TO ABROGATE THE AT-WILL DOCTRINE OR TO OTHERWISE LIMIT THE REASONS FOR WHICH EMPLOYMENT MAY BE TERMINATED.

When it is necessary for an employee, or a witness for the employee, to attend a meeting or hearing called by the superintendent, or designee, during the school day, the superintendent's office shall so notify the immediate supervisor or department head. Individuals so called will be released from their work assignment without loss of pay for such time as attendance at said meeting or hearing is required.

Neither the Board, nor any member of the administration shall take reprisals affecting the employment status of any employee or any party in interest. The employee filing a grievance shall not take any reprisals regarding the course of the outcome of the grievance nor take any reprisals against any party of witness participating in the grievance.

Level One – Informal Grievance Meeting

The employee shall submit the grievance in writing to the district’s human resources administrator within six (6) working days of the incident giving rise to the grievance. The grievance shall state the nature of the grievance and the remedy sought.

Within six (6) working days of receipt of the grievance, the district’s human resources administrator shall schedule an informal grievance meeting with the grievant, the employee(s) against whom the grievance is filed, respective advocates, as well as a district administrator who will not be involved in the statutory grievance process. The purpose of the meeting shall be to attempt to find a resolution to the employee grievance.

If a resolution is not reached during the informal grievance meeting, the individual against whom a grievance is filed shall file a written response to the employee grievance within six (6) working days after the conclusion of the informal grievance meeting.

Upon appeal of a decision of the board of trustees, the district court may affirm or set aside and remand the matter to the board of trustees upon the following grounds, and shall not set the same aside on any other grounds:

***Workers Compensation Policy**

Work injuries must be reported immediately to the supervisor during the shift of the incident, and an injury report form must be completed.

As required by law, Idaho Falls School District 91 is insured for injuries received by employees during the course of their work for both medical costs and loss of wages. Under this law, the employer has the right to choose the healthcare providers (i.e., doctors, treatment facilities) for their employees' workers compensation injuries. All claims must be filed with State Insurance Fund for any work-related injury. These claims cannot be filed with the employee's own medical insurance carrier (i.e., Blue Cross). **The District' has chosen Ammon Urgent Care at 3456 E 17th Street, Suite 125, Ammon, ID as our primary provider. This clinic is open Monday–Saturday 8 am – 8 pm. Outside these hours our secondary provider is Redicare at 2730 Channing Way, Idaho Falls, ID. This clinic is open Monday – Sunday 7 am – 11 pm.**

If it is a life-threatening injury, the employee should go directly to Idaho Falls Community Hospital ER.

Any employee who is unable to work due to a work-related accident will not receive compensation from the District for those days the employee is unable to work. Such compensation will come from State Insurance Fund and will be paid directly to the injured employee after meeting the required waiting period. Where the amount paid is less than what the employee would otherwise have earned, the employee may elect to use accumulated sick leave to compensate for the difference. Sick leave from the Sick Leave Bank will not be granted during the period that payments are being received from State Insurance Fund.

All amounts paid to employee from State Insurance Fund must be reviewed by the Payroll office prior to approval for the use of sick leave compensation. **The combination of amounts paid to an injured employee from both State Insurance Fund and from sick leave accumulations are not, by law, to exceed the amount that would otherwise have been paid to the employee in the absence of injury.**

As long as an absence from work because of a workers compensation incident is less than six calendar weeks from the date of the incident, the District will continue to pay its portion of the employee's insurance benefits. If an employee misses work because of the incident beyond six calendar weeks, the employee must pay for the district's share of his/her insurance premiums according to the number of days missed beyond the six calendar weeks. The number of months of insurance for which the employee must pay is calculated by dividing the number of scheduled days missed (after the six calendar weeks) by the number of days normally scheduled to work per year, multiplying the results by the number of months the district normally would pay for its share of insurance (according to scheduled number of days), and rounding it to the nearest month.

Employees qualifying for FMLA who are on workers compensation will be notified by the District that the leave is considered part of their FMLA leave.

If an employee elects to allow insurance coverage to lapse during an absence, the employee must re-qualify for insurance according to the individual insurance policy's requirements upon returning to work.

For employees released to work with restrictions, the District will make every effort to get the employee back to work in a temporary, light-duty position. Status of each follow-up appointment must be provided to payroll immediately.

Workers Compensation Procedures

Follow these steps whenever an injury occurs in the workplace

1. **Immediately report an accident or injury in the workplace**, whether medical attention is needed or not, to the employee's immediate supervisor. The supervisor and employee will fill out the Accident Report within the shift of the accident and will promptly send it to Payroll.
2. If medical attention is required beyond first aid, the supervisor must contact the payroll department immediately, and the employee must go to **Ammon Urgent Care at 3456 E 17th Street, Suite 125, Ammon, ID**. If it is a life-threatening injury, the employee should go directly to Idaho Falls Community Hospital ER.
3. If the employee chooses to go to a physician or facility other than the one assigned by the District, State Insurance Fund may deny the employee's claim. The employee would then be responsible for those charges. Further medical procedures must be approved by State Insurance Fund before-hand to be considered for payment.
4. For a time-loss accident, a "Return to Work Authorization" from the physician must be submitted to payroll before an employee returns to work. The supervisor cannot allow the employee to work if a Return to Work Authorization has not been received.
5. When filling out a timecard for an absence due to a work-related accident, place the abbreviation "WC" in the appropriate box(es). No wages will be paid for those days. For short-term absences that will not be compensated by State Insurance Fund, the employee has the choice of using sick leave. If sick leave is used, a notation should be made at the bottom of the timecard.

6. If a **salaried** employee is expected to miss more than two weeks of work, the **employee's salary will be suspended as of the date of the incident to ensure that no payments will be made until the employee returns to work. After a specified amount of time, State Insurance Fund may reimburse time-loss. State Insurance Fund also reserves the right to deny the claim and make no payments.**
7. When an employee receives compensation from State Insurance Fund and when said compensation is less than what normally would have been received, the employee may use accumulated sick leave to make up the difference. However, the employee must notify the payroll office of the desire to use his/her sick leave benefit and must provide evidence to payroll of the amount of workers compensation benefits received before the sick leave payment can be made. The sick leave payment will not go beyond the time period covered by the last payment made by State Insurance Fund.
8. If an employee receives no or insufficient wages from the District, he/she **MUST** pay to the District the amount normally deducted for the Flexible Reimbursement plan. The insurance premiums for the employee's share of individual and dependent coverage, and perhaps the District's share of insurance as explained above, must also be received (unless an employee chooses to drop insurance coverages, in which case all persons covered would have to re-qualify according to the individual insurance policy's requirements).

Miscellaneous

The provisions of this Handbook are for your guidance and assistance in understanding the District's expectations, guidelines, and procedures regarding its classified employees. This Handbook is not intended to be a comprehensive compilation of all guidelines and procedures of the District. From time to time, additional administrative directive may be issued by the Superintendent and the Board of Trustees. Employees should adhere to such directives irrespective of the failure to include such directive in this Handbook.
