D91 Holds Community Open Houses on Bond

As part of its ongoing efforts to connect with parents and patrons and share information about the upcoming bond election, **Idaho Falls School District 91 has scheduled four Community Open Houses in October.**

The meetings will include a short presentation by D91 Supt. Dr. Jim Shank, and then attendees will visit different displays to ask questions and learn more about each project. Meetings are scheduled on:

- **Oct. 4, 6:30 to 8 pm:** IF Activity Center, 1575 N. Skyline Dr.
- **Oct. 11, 6:30 to 8 pm:** Idaho Falls High School, Little Theater, 601 S. Holmes
(Please enter through the front doors on Holmes)
- **Oct. 18, 6:30 to 8 pm:** Skyline High School, Little Theater, 1767 Blue Sky Dr.,
(Please enter through the front doors.)
- **Oct. 19, 6:30 to 8 pm:** Sunnyside Elementary School, Cafeteria, 165 Cobblestone

D91 patrons will go to the polls on Nov. 8 to vote on a bond proposal that would pay for upgrades and improvements to facilities to address growth, crowding and safety and security issues. The bond would pay to:

- **Build a new high school on E 49th South** to replace Idaho Falls High School *(The current IFHS campus would eventually become the permanent home for D91's Career Technical Education Center with community spaces for sports and the arts.)*
- **Renovate and add an auditorium to Skyline High School**
- **Build a new elementary school south of town**
- **Replace Temple View with a new, bigger elementary school north of town**

The projects included in the bond were identified as priorities by parents, patrons, staff and community members earlier this year as part of a months-long process to develop a long-term facilities plan for Idaho Falls School District 91. **To learn more about that plan and the bond proposal, including tax impacts, go to: <https://www.ifschools.org/Page/1634>**
