

## **Calling All Parents, Patrons, and teachers! We are excited about creating an Advisory Council here at Skyline!**

As part of our commitment to fostering a strong and inclusive community, we are thrilled to announce the creation of the Skyline High School Advisory Council. The Skyline High School Advisory Council will be established to promote collaborative efforts between parents, staff, and administration in support of our school's continuous improvement. This council will play a crucial role in the development, review, and implementation of our school-wide improvement plan. The advisory council will consist of a diverse group of individuals, including parents, teachers, administrators, and community members, who are dedicated to the success and well-being of our students. By bringing together these different perspectives, we aim to ensure that our school's improvement plan is well-rounded, thoughtful, and effective in addressing the needs and aspirations of our students.

Key details about the Skyline High School Advisory Council:

- **Monthly Meetings:** The council will meet once a month to discuss and review the school-wide improvement plan. These meetings will be an open forum for sharing ideas, concerns, and recommendations.
- **Open to All:** We encourage parents who are passionate about contributing to the betterment of our school to consider joining the council. We are also wanting to hear from any interested community members who may want to get involved.
- **Transparency:** We are committed to maintaining transparency throughout this process. Meeting minutes, agendas, and progress reports will be made available to all members of the Skyline High School community.
- **Action and Impact:** The council's discussions and recommendations will directly impact the decisions made by the school administration. Your input is valuable, and together, we can create a brighter future for our students.

We believe that the creation of the Skyline High School Advisory Council will strengthen the collaboration between all stakeholders, ensuring that the voices of parents and community members are heard and valued. This partnership will help us chart a course for our school's continued success. If you are interested in becoming a member of the advisory council or if you have any questions or suggestions, please email [newejosh@sd91.org](mailto:newejosh@sd91.org). We are eager to have your active participation in this important endeavor. We look forward to working together with you to make Skyline High School an even better place for our students. Together, we can achieve great things.

Sincerely,

Mr. Newell
