

## How to join Webex via the internet

Someone has asked you to join a Webex meeting. For you to be able to join you need to have a meeting number. Using the meeting number go to webex.com using your preferred browser. (Chrome, FireFox, etc..) **In the upper right hand corner click on join.**

After clicking on join enter the meeting number.

## Join a Meeting ⓘ

Enter the meeting information

When it asks you to download an app you can choose to allow or deny. Down at the bottom you should have an option to **join from your browser**. Choose this.

Having trouble opening the desktop app? [Join from your browser.](#)  
Don't have the desktop app? [Download it now.](#)

Enter your information.

Enter your information

Your full name

Email address

Next

Enter email address (you may have to do this step twice) in this case your school district 91 email if you're a student or faculty member (This will carry you to the Single Sign-On portal). Outside of the school district use your personal email account.

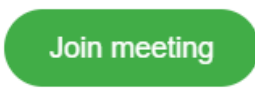

A tutorial screen will pop up you can select skip unless you want to watch it. You should also get a prompt to allow webex to use your camera and microphone.

This icon is your microphone. If it is red its turned off. The best way to join a meeting will be to have it off.

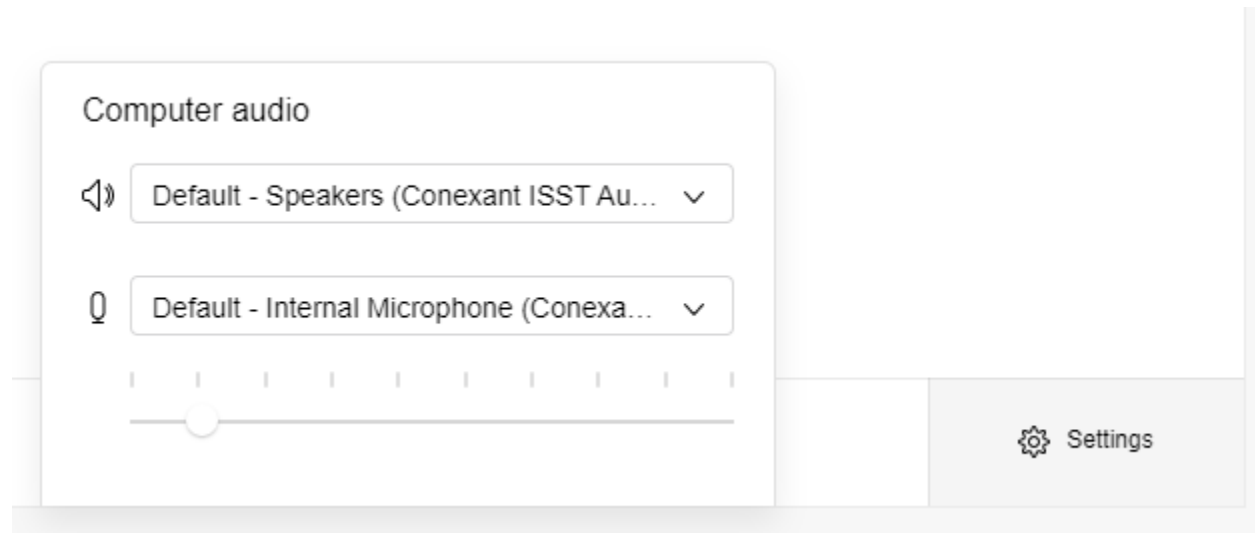

This icon is for the camera. When red its off. Best way to join a meeting is with it off.

Use video system	Using computer for audio	Speaker1
------------------	--------------------------	----------

Make sure before you join the meeting that your audio settings are correct. They can be checked in the lower right hand corner. Make sure where sound is coming out of your device is also what Webex is using for sound.

Now you can click join meeting. Once in the meeting you will see icons across the bottom. Use the chat bubble to be able to talk back and forth with the host of meeting.
